There are no changes of any material importance. Greater facilities have been given to the sending of exhibits and to the sale of exhibits and some little increase of income from receipts is also aimed at. The value of the prizes to be awarded is more than double the amount provided for in the Budget but as there are some medals available from last year & prizes are not intended to be fully awarded the ~~but is made on passing~~ there should be no difficulty in confining the expenditure on prizes to the amounts provided in the Budget. The total amount provided for this exhibition is Rs 11,720 of which a moiety is

GPB—55,000—27-4-09

Chief points of difference noticed between the prospectus of this year & that of last year.

1. It is stated in the new prospectus that the Exhibition will be opened to the Judges and the Press at some time prior to the date of its actual opening to the public. Last year no such announcement had been made. (Para 2 of both the prospectuses)

1 There is no objection to this course. In fact it is desirable to announce as soon as the Exhibition is open to the public what exhibits have been awarded prizes.

The 1st sentence of para 4 in the last year's prospectus regarding the plan of buildings is omitted in the new prospectus.

2. This year a fee of 5. P.C on the value of all belated articles subject to a minimum of 8as & maximum of Rs 5/- is proposed to be levied in order to enable them to compete for prizes at the discretion of the Committee. Last year such articles were not so admitted (Para 13 of the Rules)

2 Plan is not necessary

3. This provision has been added to increase the number of exhibits as now that the Exhibition has become somewhat familiar, it is necessary to afford every inducement for exhibits being sent in.

4. A ~~normal~~ nominal rent is proposed to be levied for special accommodation for articles in the sale rooms and a Commission of 3 P.C is also proposed to be levied on sales Conducted therein. There is also a proposal to levy 6 pies in the rupee on the Sales Conducted in the Exhibition Halls. Last year no such Commission

4 This may be allowed as it is a legitimate method of increasing the receipts from the Exhibition

was levied although in the years previous a Commission of Rupee was levied on the tabs (P. 26. 2) & 28).

5. Certificates of merit have been proposed to be given in connection with exhibits not provided for in the prospectus. Last year no such proposal had been made. (para 31)

This may be allowed if the prospectus cannot be made exhaustive

6. The time being considered to be unsuitable for a Cattle Show, it is this year confined to the Cattle of the Mysore City. Last year the Show had been thrown open to other places also. Suitable other alterations are also made in this prospectus in accordance with the above change in the Show. (paras 32 - 35).

It is a question for consideration whether there is any necessity for such a limited cattle-show

7. A poultry show has been proposed to be held this year. Last year no such show was held. (paras 36-37).

This will add to the attractiveness of the exhibition. Poultry-keeping is likely to be an important industry in India in future

8. Further a note on the embroidery section is newly added to the prospectus stating that the exhibition will be confined only to such articles as have been asked for in the prospectus or considered by the Committee to be really

Every one who fancies that he or she can knit a embroidery socks & send an exhibit & the rejection is necessary

excellent in workmanship or are new or fresh.

9. An official hand book containing the particulars of exhibits the names and addresses of exhibitors and their agents is proposed to be published. And a levy of Commission is also proposed for publication of advertisements in the same. Last year a similar publication was issued but no mention of it had been made in the prospectus. (P. 43 of the Rules)'

This is very desirable

10. The prizes proposed to be offered this year are as follows: money prizes Rs. 1874, gold medals 16, Silver medals 103 & bronze medals 150. The value of all these will amount to Rs ~~5794~~ 4764. as against Rs ~~4770~~ 6000 of last year. The details ~~for~~ according to last year's are Rs 1976 money prizes, 9 gold medals 63 silver medals & 109 bronze medals. In the Current year's budget the provision made for prizes is Rs 2500 Probably medals of last year must be available for this year also. The report of the last year's exhibition has not yet been received. The President also states that the

If there is an understanding that all the prizes will not be awarded there is no objection to have a sum of Rs ~~1000~~ proposed in the budget under the head Miscellaneous should be allotted to adjust the prizes from the available amount

(But the President has asked for Rs 3500)

actual awards will be far less than the ~~provision~~ other funding in the prospectus and I will not also amend the budget provision.

States that the latest dates for the receipt of applications and Exhibits have, for the Convenience of the public, been altered from 15th August and 15 September to 16th and 20th September respectively.

On a reference to the latest issue of the Gazette, it will be seen that the altered dates have been properly noted. The President has evidently intimated the matter directly to the Superintendent Govt Press, in time for publication. As this alteration is made subsequent to the order approving the prospectus, another order approving the alteration in dates is perhaps necessary.

the above, was received very recently while the remaining four sets have not been received as yet. As I had to wait for the receipt - of one of the above five sets to form the majority, I could not - send up the same ere this. A copy of the Prospectus has been sent to the Press for being put in type and kept ready for issue when - sanction of Government is received. I beg to add that the actual awards will be far less than the provision in the Prospectus and will not also exceed the Budget. The Prospectus may therefore be approved.

2. As regards the submission of the Report, I beg to state that it could not be put in hand till very recently since the correspondence, accounts &c., of the last Exhibition had not been brought to a sufficiently complete state on account of inadequate Establish -ment. Now that the work is almost complete, + final statistics for the Report have been submitted by the Secretary, I hope to send up - the same before the 10th July 1910.

Prospectus of the Dasara Exhibition of 1910.

Introductory.- With the sanction of the Government of His Highness the Maharaja of Mysore, the Committee issue the following prospectus in connection with the exhibition of 1910.

2. Opening of the Exhibition.- This year the Exhibition will be opened to the judges for judging the exhibits and the Press correspondents from the 5th to the 9th and to the public from the 10th to the 25th of October 1910 both days inclusive. The Cattle and (Cont.) Poultry Show will begin on Saturday 15th October and close on Tuesday 18th.

3. Object of the Exhibition.- The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, artizan and the manufacturer by actual demonstration. But as the Exhibition of a single specimen may not arrest much attention and may not be sufficiently attractive to the visiting public, articles intended for sale will also be admitted. [illegible] rooms and some of the [illegible] Articles on a larger scale kept merely for sale will have to be kept in separate stalls and in charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits but they will not be allowed to be removed from the Exhibition grounds until the termination of the Show. Articles admitted for purposes of sale alone may be removed after purchase. No articles will be allowed to leave the Exhibition grounds without a gate pass. Those who require special facilities for the sale of articles or demonstrations of processes are requested to make themselves in communication with the Secretary to the Exhibition Committee.

4. Horticultural Show.- The horticultural Show comprising Class II Group 2 items 1 to 7 mentioned in the First section of the Prospectus will be held on the 15th of October 1910 and kept open till the termination close of the following day.

5. Lectures and demonstrations.- Lectures will be delivered by competent persons in English and Kanarese on subjects connected

connected with Industry, Agriculture, the value of Agricultural implements and machines, their cost, construction and repairs. Arrangements will also be made for holding a competition on the Exhibition grounds in Ploughing, Weaving and Pottery work, Home Industries and processes connected therewith. The exact time and place of lectures and demonstrations will be announced later by hand bills and notices.

6. Donations.- The Committee would thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of agriculture or industry.

7. Classification of exhibits.- The classification of exhibits will be according to the prize list subjoined to the Prospectus and entries in several sections should be made in the application forms prescribed.

8. Open to all India.- The Committee invite exhibits from all the districts of the State as well as from outside. They also appeal to the various agricultural departments and associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

9. Judges.- Leading officials and non-official gentlemen will be given to assist the Committee in judging the exhibits.

10. Admission fees for visitors.- An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. Season tickets will be issued at Re. 1 per head. These are not transferable. But books of eight single tickets may be had also at Re. 1 per book. Return railway season tickets between Bangalore and Mysore at a reduced rate which will admit to the Exhibition for the whole period, will be arranged for.

6

Rules and Regulations.

1. Noxious articles.— Exhibition of any substance noxious or dangerous will not be admitted by the Committee.

2. Particulars regarding the exhibits.— Intending exhibitors are requested to send to the Secretary to the Exhibition Committee particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in the necessary entry form appended to this prospectus. Forms may also be obtained from the District, Divisional and Taluk Offices or from the Secretary to the Committee; plain paper of foolscap size may also be used provided all the headings in the form are properly copied and filled up and separate sheets should be used for each district.

3. Application from exhibitors.— Applications should reach the Secretary not later than 1st August 1910. Each application should contain a post card on which the address and the post town of the exhibitor are legibly written.

4. Lists from Taluks.— Deputy Commissioners of Districts with the District Committee, Subdivisional Officers and Amildars of Taluks are requested to convene as early as possible a meeting of the leading artizans, raiyats and merchants residing within their respective charges, to explain to them fully the object and the scope of the Exhibition, to carefully acquaint them with the rules and regulations drawing particular attention to such paras as 2, 3, 10 etc, to distribute to them forms of applications, to have them filled up by intending exhibitors, examine them and to forward them to the Secretary.

5. Articles not enumerated.— The appended list of prizes will show the nature of articles which can compete at the Exhibition. Articles not specially enumerated in the prize list may, however, be admitted by the Committee at their discretion.

6. No fees to be charged for exhibits.— No fees will be charged for the admission or registration of exhibits or for the space allowed for them.

7. Acceptance of exhibits.— The Committee reserve to themselves absolute discretion as regards the acceptance or rejection of

of exhibits and the allotment of space covered or uncovered.

8. Delivery of exhibits.- Articles intended for the Exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition grounds or sent by Post or Railway and all Taluk and District exhibits should be sent through the Deputy Commissioners of Districts.

9. Payment of freight and transport charges.- No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor will be accepted by the Committee.

10. List of particulars.- All packages received or delivered and all implements and machinery intended for the exhibition must bear a label specifying name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list in duplicate showing the name or description of the article, its price, the place of production or manufacture, name of the manufacturer or exhibitor; in the case of exhibits in the Agricultural section essential particulars should be given such as:-

1. The season of sowing.
2. The soil on which they are grown.
3. The quantity of seed per acre.
4. The manure used.
5. Whether any irrigation is required.
6. The time required for the maturing of the crop
7. The average yield per acre.
8. Any other interesting details regarding cultivation.

11. Exhibits which have already won prizes.- Exhibits which have won prizes or medals in the Mysore Exhibitions of 1906, 1907, 1908 and 1909 shall be precluded from competing for prizes, though there is no objection to their being accepted for purposes of show or sale.

12. Date of delivery of the exhibits.- Intending exhibitors are requested to send the exhibits so as to reach Mysore on the 1st September 1910 from which date the Committee will arrange to take charge of exhibits, and no exhibits should arrive later than the

The Committee are competent to remit the fees provided it is proved that the exhibits were not belated through the fault of the Exhibitor.

13. Belated exhibits.- Articles that are not delivered at the Exhibition hall in the time fixed, may be admitted at the discretion of the Committee subsequent to the date in para 12, but shall not be entitled to compete for prizes unless accompanied by an admission fee of five per cent of the value of the articles sent - the minimum charges in all such cases being annas eight and the maximum rupees five.

14. Perishable articles.- Vegetables, fruits and other perishable articles may, however, be delivered at the Exhibition hall till 7 - P. M. on the 14th October 1910.

15. Admission of exhibits.- No exhibits will be admitted without a pass signed by the Secretary or members of the Committee on duty at the Exhibition grounds.

16. Responsibility of the exhibitors.- Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits and they must either personally or by their agents or servants, superintend their reception and removal in default of which the Committee reserve to themselves, the right of doing whatever - may be considered necessary at the expense of the exhibitor.

17. Committee accept no responsibility.- No responsibility will be accepted by the Committee as to any damage or loss, however - occurring.

18. Special facilities.- Exhibitors are requested to mention in their applications whether they wish to illustrate practically any process of manufacture or the working of any implement or machinery and if so to state briefly the nature of the demonstration and any special facilities they require.

19. Special arrangements to be made at the exhibitor's expense.- If the exhibitors require any special arrangements to be made (or have to mount their machinery) they must carry them out at their expense but the Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual - labour at the exhibitor's expense. The expenses of demonstrating machinery and implements should be borne by the exhibitor except - where special arrangements have been made with the Committee.

20. Valuable exhibits.- All valuable exhibits must be forwarded under the charge of an attender.

21. Exhibits unaccompanied by men in charge.- Exhibitors who are unable to attend personally or send their agents in charge of exhibits, may make special arrangements with the Committee for the exhibition of their goods on payment in advance in full, of the estimated expense.

22. Weighing of exhibits.- The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the exhibition grounds by special arrangements, it is not possible to weigh every consignment before taking delivery of it. So the exhibitors are requested to take every precaution in packing their exhibits and to send to the Committee in time an accurate list of exhibits sent by them. Exhibitors who wish that their consignment should be weighed at the Railway Station before delivery, should intimate their wish to the Secretary in time and remit in advance sufficient sum of money and on each consignment to be thus weighed.

23. Acknowledgment of exhibits.- Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in para 19 to the exhibitors duly signed by the Secretary. No other kind of receipt shall be sent. Any difference between the list and the articles actually received will be noted in the duplicate list.

24. Free pass to exhibitors.- In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given.

Free adm[illegible] to [illegible] Raiyats and artizans.- Raiyats and artizans unable to pay fees belonging to the Mysore State or from outside who produce certificates of identification signed by their

temporary boothe put up at their own cost in the Exhibition grounds by previous arrangements with the Committee.

27. Exhibits for sale.- Exhibits labelled 'for sale' will be sold during the time the Exhibition lasts but no article will be removed till the close of the Exhibition.

28. Commission on sales.- A commission of half an anna in the rupee will be levied on all articles sold in the Exhibition stalls and grounds through the Sales man appointed by the Exhibition authorities. In this case the money will be received and remitted to the exhibitor by the Exhibition office.

29. Removal of exhibits.- All exhibits must be removed within a fortnight after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owners or purchasers within 24 hours after the opening of the Exhibition.

30. Exhibits on loan.- Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary or any of the members of the Committee who will inform them of the acceptance of the loan and will make necessary arrangements in connection with the exhibition of articles.

31. Exhibits belonging to departments of Government.- Articles or cattle exhibited by any department of Government will not be eligible for money prizes or medals but may be awarded certificates of merit. Certificates of merit will also be given to such of the exhibits from private gentlemen as have not been provided for in the prospectus if they are considered by the judges worthy of the same. (This rule shall not preclude Government servants or pupils of Industrial Schools from competing for prizes if the exhibits are manufactured by themselves.)

32. The time of the year when the owners of Cattle are fully engaged in the fields, having been found very unsuitable for a regular Cattle Show, it has been decided to restrict the Show to the fine specimens of Local (Mysore City) Cattle irrespective of breeds & classes.

be picketted in the shade provided the Show yard according to breed, age and size etc.

33. Accommodation for Cattle.- Accommodation will be provided free of cost for about 150 head of cattle.

34. Grant for Fodder.- A sum of annas four per day will be given for each head of cattle selected for the four days from 15th to 18th October 1910 both days inclusive.

35. Admission to the Show Grounds.- Only pass or ticket holders will be allowed to the Show grounds while the cattle are judged.

34 36. Practical test.- Working cattle may at the owners option be subjected to a practical test as to their powers of draught. They must be the bonafide property of the exhibitor.

35 37. Care taker.- Each animal or lot competing separately must be in charge of a care taker and will remain in charge of the exhibit and must be ready to lead it out at any time as required by the

36. Poultry Show. A class has been opened in the Prospectus for Poultry and prizes will be awarded for different pure Strains.

37. Poultry Appliances. Prizes will also be awarded for incubators and other Poultry Appliances.

not compete for prizes in classes or sections in which they are judges and the decision of the judges is final.

40. Photograph of articles exhibited.- No articles exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of stalls may however be taken with the permission of the Committee.

41. Committee's decision final.- The Committee have full power to make rules for the conduct of the Exhibition under these regulations and their decision is final in all cases

42. Acceptance of rules.- All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing

foregoing rules and regulations and also such other rules as the Committee may hereafter issue not inconsistent with these regulations.

43. Official Hand-Book.- An Official Hand-Book of all exhibits with the names and the addresses of the exhibitors and their agent or agents if any, will be published before the opening of the Exhibition without any further cost to the exhibitors. It is expected that a large number of people will visit the Exhibition and that many of them will probably purchase the Official Hand-Book which will be sold at a nominal price. It will be a capital opportunity for advertisers to advertise through the medium of this hand-book. Advertisements will be received for publication in the Official Hand-Book at the following rates.

Full page	Rs 20
Half page	12
Quarter page	7/8

(Special rates will be charged for advertisements on the cover pages of the cover and coloured fly leaves and other special positions.)

Applications for these advertisements will be received not later than 20th September 1918 and must be accompanied by a remittance in full payment of the amount due for space applied for.

44. Communications regarding the Exhibition.- All communications regarding the Exhibition should be addressed to the Secretary to the Mysore Dasara Industrial and Agricultural Exhibition Committee, Mysore.

Dated Mysore, the 23rd May 1918.

Notes on the lace and embroidery section of the Mysore Dasara Industrial and Agricultural Exhibition.

Owing partly to the fact that it is extremely difficult to translate into Indian Vernaculars English terms used for Needle-Work and Embroidery, and partly because people do not readily understand the difference between an Exhibition and ordinary shop or stall, exhibitors have not always understood what articles are required and will be rewarded, and have sent in much to former Exhibitions that even if good in itself was debarred from getting any prize by the fact that it was not asked for in the Prospectus.

It has therefore been thought well to publish a few explanatory notes.

The room devoted to the lace and embroidery section is necessarily limited, and it is not possible in any one year to include all kinds of needle-work.

If too many specimens are received, they cannot be displayed effectively and the crowding of embroideries etc only results in confusion, dust, damage to the exhibits, and prevents their being satisfactorily shown.

Therefore instead of crowding the stalls with masses of needle work good and bad, old and new, clean and dirty, included in and excluded from the Prospectus, the Sub-Committee wish to exhibit such specimens only as:-

1. are asked for in the Prospectus.
2. are considered by them to be really excellent workmanship.
3. are new and fresh.

N. B. Valuable specimens of old embroidery, lace or needle-work should be placed apart in "A loan Exhibition."

Exhibitors would do well to note that the best materials available should be used, and that one perfect specimen of any particular work is much more likely to gain a prize than many indifferent specimens. For instance one silk tie, perfectly knitted in pure good silk of a nice colour, would stand better chance of reward -

reward than a score of them carelessly knitted.

Motheaten, faded, torn or dirty work cannot be accepted.

Competitors will please note that this year cushions worked in wool-work, crewel work, chenille work or bead work are not included in the Prospectus, and also that the bead work and miscellaneous work mentioned in Group III 5 and 6 are only to be done at the Exhibition itself, before judges, in the working competition; and that no bead work or miscellaneous work is to be sent for Exhibition.

In judging the Needle-work its suitability for use and sale (including the possibility of its being easily cleaned or washed) will be taken into consideration, as well as beauty of design, material, colouring and workmanship.

Preference will be given to Swadeshi exhibits and particularly to those of the Mysore Manufactures.

In the working competition before judges careful arrangements will be made to respect the Hindu or "purdah nashin" and high caste ladies.

All apparatus and materials for that competition must be provided by the competitors. Work may be fixed but not begun.

Secretary.
